Ultrasound Probe ~~Repair~~ Restoration

RapidRestore

We pioneered “Exchange-At-The Repair Price” in 2008 that others have tried to mimic

- Exchange our finished-goods loaner at the quoted repair price
- Turn-around time is 24 hours vs. 7-10 days
- Full tip-to-tail warranty coverage
- No more hunting for loaners. No more damaged loaners

RapidRepair

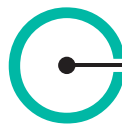

Proprietary systems to get your Philips X-TEE's repaired in as little as 3-days

- Have your TEE probes back to technologists faster than ever before
- Over 45,000 TEE repairs to date
- Maintain workflow, patient care, clinical staff satisfaction, and your financial bottom line

SafeTEE

Our Proprietary 4-Step Plan For TEE Probe Success

- Includes our TEE PM program, technical and end-user education, process analysis tools and custom reporting, and industry-leading capabilities
- Identify How and Why your TEE probes keep failing and implement proven solutions
- TEE PMs have been proven to extend the life of each probe and elevate your ROI. Address points of wear **at a low cost** to minimize opportunities for catastrophic failures
- Without SafeTEE, you could be needlessly spending hundreds of thousands of dollars per year repairing or replacing your TEE inventory.
